

93MI910 — WOMEN'S WELLNESS ON WHEELS Elective Registration

The IU National Center of Excellence in Women's Health is a program of the IUSM through the department of OBGYN. This elective will work within our Women's Wellness on Wheels (WOW) outreach which targets women and their families of all ages, ethnicity, and incomes. Students will assist with registration, conduct biometric screenings and provide healthy lifestyle education/choices to participants. This will give students an on hands understanding of working with diverse populations in primary care.
